

LIGHT THE WINDOW PRAYER CALENDAR

The 10/40 Window Region is home to some of the least reached peoples on earth. So called, because it focuses on an area of the world in or around 10 and 40 degrees latitude, this region represents an incredible window of opportunity for the Church. In this region live 1.5 billion Muslims, 800 million Hindus and 500 million Buddhists who live with little or no understanding of Jesus. The peoples in this region have received the least

amount of missionary effort and resources. They have the least access to the gospel and the greatest barriers to cross in accepting Jesus as their savior. Researchers estimate that 2.7 billion people in this region have yet to hear the gospel in a way they can understand. They speak 4,000 languages and live in thousands of tribes and peoples. Among these least reached peoples, 50,000 will die every day, most of whom never had someone come live among them to share the love of Christ.
